

Shelby Cortis is an Occupational Therapist, Assistive Technology Professional (ATP), and a Physical Therapist Assistant. She currently holds the position of Senior Director of Assistive Technology at UCP of Western Massachusetts. Prior to her current role, Shelby gained experience in various healthcare settings, including acute care, rehabilitation care, home care, and outpatient therapy. She is deeply committed to assisting individuals in reaching their fullest potential, utilizing adaptive assistance, modifications of daily tasks, and mental health reflections. Shelby transitioned into her present role after working with UCP's durable medical equipment for her clients within the home care environment. She finds the extensive array of programs offered by UCP of Western Massachusetts to be truly impressive, and she is excited to contribute to this esteemed organization.

Jenny Valente is a PTA, Assistive Technology Specialist and Director of AT Clinical Staff here at UCP. Jenny has an extensive history working in the health care field, in a variety of roles and settings which led her to branching out into the world of Assistive Technology. Jenny's favorite aspect of her job is building relationships with each individual, their families, and caregivers to find effective solutions specific to each individual's needs, that help enhance independence and empower each person in their daily life.
